

The Apple mobile special interest group has its third meeting on 29th October, 2020. Five members were there.

We started off discussing the fixed agenda topics for this meeting

- What's New in iOS 14 for iPad & iPhone
 - This update was relatively minor compared to iOS13. The two biggest changes were:-
 - The Today View and Widgets have had an overhaul for both iPhone & iPad
 - There is now an App Library for the iPhone accessible by swiping to the far right of the screen.
 - For a review of all the changes click on the link below and expand the Table of Contents then review the 'What's New' chapter:-

- New iPad Models available now
 - iPad 8 \$569
 - iPad Pro 11 inch (2nd generation) \$1,499
 - iPad Pro 12.9 inch (3rd generation) \$1,849
 - iPad Air (3rd generation) \$1,219
 - Visit [HERE](#) for all the features
- App of the Month 'Metservice'
 - Excellent NZ weather app for iPhone or iPad
 - Geo-sensitive to deliver weather to your physical location or a location of your choice
 - Free app includes many features including 10 day forecasts, graphics, rain radar, video forecasts, traffic cams and more.
 - Does have an advert but a minor inconvenience for the user.
- Group Issues
 - Adding a Caption to a photo in iOS
 - Two methods were demonstrated.
 - Option One:- slide photo down to add caption. See [HOW](#)
 - Option Two:- use edit mode to add text and shapes. See [HOW](#)
 - Health App
 - Needs to be set up when first used.

- Best used with a capture device like Apple Watch (\$699 or 2nd hand around \$200)
- Records steps and medical information without Apple Watch but device must be on you at all times to correctly record health information.
